

Company Environmental Policy

Verotec is fully committed to minimising the impact of its activities on the environment. The key points of our strategy to achieve this are:

- Minimise all emissions and waste by evaluating operations and ensuring they are as efficient as possible.
- Conserve all natural resources where possible.
- Actively promote recycling both internally and amongst its customers and suppliers
- Be committed to a program of continual improvement, and the prevention of pollution.
- Ensure all our staff are adequately trained in order that they perform with necessary consideration for the environment.
- Assess and consider the environmental impact of any new developments within our processes.
- Set and review environmental objectives and targets.
- Comply with relevant legislation and Codes of Practice.
- Ensure that this policy is available to the public.
