
MISSION STATEMENT & QUALITY POLICY

Mission Statement

To grow our business and maintain our current position as a market leader in the design and manufacture of electronic enclosure products by doing the following:

- Consistently exceeding our customer's expectations by offering high quality products and services.
- By working close with suppliers to ensure we supply safe and ethically sourced products and to minimise our environmental impact on local and global communities.
- Continually communicate with, and learn from, our customers in order to improve our products and services.
- Embrace new technology, materials and manufacturing techniques with the aim of delivering high quality and cost-effective solutions to our customers.
- Invest in the future of our company and employees.
- Provide a safe and excellent place to work and one that we can all be proud of.

Quality Policy

- Verotec is committed in achieving total customer satisfaction by efficiently manufacturing products of acceptable, repeatable, quality and cost whilst meeting any relevant product and industry standards, within an agreed time scale.
- Verotec strives to continually improve our own QMS by the use of internal audits, their quality objectives and customer feedback, in line with ISO 9001:2015.
- As a committed employer, Verotec strives to improve the workplace through supporting our staff to maximize the morale, training and communication, to create a workforce where every member of staff adds significant value to the business.
